Discussion on Solar Panel regulations, members agree to table this draft for more information. Dave will contact Tim Cutler regarding Town of Jerusalem's Solar Law.

Note: Town of Manchester has a moratorium in place, while in the process of drafting its solar law.

One point on the regulation being drafted for Torrey, is that a definition of Major Solar Collection "large scale" is needed.

Dan Lewis an employee of Quik Solar was called for a conference call to answer questions about solar panels. He discussed height, how the panels function during heavy snow, maintenance of field, excess energy storage. He is willing to come to a meeting in the future if the board has more questions. The board thanked him for his time.
